WEDDING PET CHAPERONE

# Their Dog At Their Wedding. Personal Care Throughout.

For Venues, Planners & Photographers

## The Dog Joins In. The Guests Can Celebrate.

The Tailored Pet Co helps couples include their dog in suitable wedding moments, with personal care and practical coordination around their plans. Friends and family can enjoy the celebration without managing the dog.

### Support Planned Around Each Booking

Care can include help with greetings, photographs or a ceremony moment, with comfort breaks and time away from noise and crowds. Collection, transport and return to an agreed carer can be discussed where needed.

### A Clear Plan Before The Day

We agree suitable activities, timings, responsibilities and the full quote before booking. Participation depends on the dog's needs and venue approval.
Primarily the Midlands, with UK-wide bookings available.
Travel is reflected in the individual quote.

## Enquire About Your Date
